Note: There is a different Tuition cost for International Student

¹ Registry Fee for students without a Bachelor's Degree

² Registry Fee for students with a Bachelor's Degree

Tuition and Fee Schedules: Effective: Summer 2019

Registration Fee: All students must pay a \$100 Registration Fee upon enrollment, refundable within three (3) days after signing the Enrollment Agreement (see Cancellation Policy).

Student Tuition Recovery Fund (STRF) Fee (non-refundable) - *California Campuses:* as of 1/1/2015, the CA Student Tuition Recovery Fund (STRF) Fee assessment is zero (\$0) per \$1,000. Institutions will no longer be collecting STRF assessments from students until notified by BPPE.

Books and Supplies: Book and supply fees are estimated. Actual costs of books/supplies may vary and are subject to change at any time without notice. Supplies include customized uniforms, classroom consumables and background checks. Students may opt out of purchasing books directly from WCUI, however, exact versions must be used. WCUI may provide hardcover, paperback or ebooks depending on publisher availability and inventory stock. Hardcover and paperback books are refundable only if returned in un-opened/new condition within 10 days from the beginning of the current quarter from which the student withdraws from the course. Electronic books (eBooks) and loose-leaf books are non-refundable.

Technology Fee (non-refundable) – Effective Summer 2019, the Technology Fee increases to \$125 per quarter for all new and continuing students. All students will be assessed \$125 per quarter which cover the following: Canvas Learning Management System; Orbund online student portal; Campus Ivy (financial aid portal); Ultraling (electronic exam submission); Trajecsys (electronic tracking of clinical externship); for Nursing students, all ATI and HSEI Online NCLEX Prep Testing; MS Office 365; and more.

Registry Fees are non-refundable unless registry eligibility changes. WCUI will make the appropriate fee adjustments if student loses eligibility.

A **Period of Attendance** is one quarter (3 months). Tuition is charged per quarter and varies based on the number of credits carried each quarter and courses scheduled.

Estimated Charges – The total charges for the entire program are estimated. Actual charges may be higher due to repeated courses or lower due to transfer credits. Fees are subject to change. WCUI reserves the right to increase tuition at any time with a one (1) quarter advanced notice.

Effective Summer 2019, tuition for the MRI (AAS) program at the California campuses will increase to \$27,829.50

Student Tuition Recovery Fund (STRF) Disclosures

This is a **California** state requirement that a student who pays his or her tuition is required to pay a state-imposed assessment for the STRF. It only applies to students attending the CA campuses.

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.
